

The Commission failed to adopt any alternatives minimizing the impact of its Report and Order, such as grandfathering five digit CACs. The elimination of VarTec's five digit CACs will make it significantly more difficult for VarTec to continue to provide service in the 48 states and the District of Columbia where it currently operates, and to expand its service to other states. This violates Section 257 of the Communications Act. The Commission failed to sufficiently consider VarTec's plan allowing it to use its five digit CACs past December 31, 1997, and other proposals referenced infra, thus violating the RFA. Such alternatives would minimize the impact of the CAC expansion on small interexchange carriers like VarTec. VarTec urges the Commission to eliminate the market entry barrier which it has improperly invoked on small interexchange carriers.

⁵⁶

(...continued)

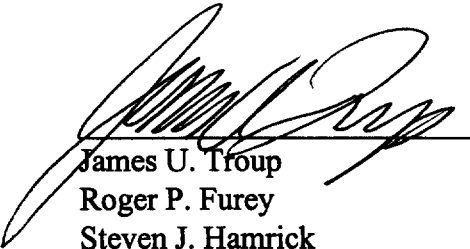

about the new CACs, and a "2-PIC" system whereby the customer chooses both an inter-LATA presubscribed carrier as well as an intra-LATA presubscribed carrier. The Commission also rejected VarTec's proposal that the Commission mandate LECs to provide an intercept message to any customers dialing the five digit CAC during the 12 months following the transition period, thereby informing the customer of the carrier's seven digit replacement CAC, and reducing the IXC's hardship in complying with the Report and Order. See Comments, filed June 6, 1994.

VII. CONCLUSION.

For all the foregoing reasons, VarTec urges the Commission to reconsider its Second Report and Order and allow VarTec to continue to use its five digit CACs to provide long distance service to its customers.

Respectfully submitted,

VARTEC TELECOM, INC.

Attention: A New Way To Save

GUARANTEED!

Dear Local Telephone Customer:

AT&T, Sprint and MCI don't offer you the overall savings you can receive by using the DimeLine®. That's because the DimeLine® charges only 10 cents per long distance minute.*

It's guaranteed! Only 10 cents a minute* anytime, any day, to anywhere in the U.S. Just dial 10811 + 1 + area code + the number you wish to call and you start saving on every long distance minute. **Unlimited!**

You've got it! One low monthly access fee of \$5.00 per line, and you are guaranteed unlimited 10 cents a minute, long distance calling subject to a three-minute minimum per call. And, we promise that if you are ever charged more than 10 cents a minute while using the DimeLine® service for calls within the U.S. from VarTec Telecom®, we will refund to you the entire cost of the affected call.

And the DimeLine® already works on your telephone. Just dial 10811 + 1 + area code + the number you wish to call. You don't have to sign up or notify anyone to begin your savings. You will continue to receive your one familiar phone bill, easily paid with one check to your current local phone company. Our charges will be clearly marked.

If you should have problems, you can speak to a Customer Service Representative 24 hours a day, seven days a week.

Why not receive the same quality and service and save money? Dial the DimeLine® today, and we'll waive your first access fee! For more information, call: 1-800-544-1510.

Sincerely,

K.R. Ball
